There seems to be several boys in camp who take delight in the wilful and malicious destruction of property in the Recreation Hall. Most of the damage done so for has been to the magazines, paper and to the ping-pong tables. Most of the magazines have been defaced and mutaliated while the ping-pong net has been torn and all the paddles broken.

These conditions reflect credit on no one and the most of the wreckage has been caused by the desire of some enrollee to make himself the centre of attraction in the Recreation Hall, especially when there have been young ladies of the various churches attending the Religious Services held there.

If you have no use for some articles it does not necessarily mean that others have no use for it. So if you come across anything that you do understand, it does not follow that you have to destroy it. Leave it alone for someone else to enjoy.

And if the most of you could see yourself as you generally are in the Recreation Hall you surely would not wish to call anyone's attention to yourself.

Very few of the enrollees in camp appreciate the advantage of having an Infirmary here.. However those who have had ailments necessiting constant attention and yet not serious enough to merit hospitalization are among the few. To be here among your friends is surely a lot different from being sick alone among strangers.

The spotless cleanliness of the Infirmary is certainly a relief from the bare unpainted walls of the barracks and other buildings of the camp. Earl Rinker and Preston Morton are those responsible for the condition of the sick quarters and have done a remarkable job with the material at their command.

JULY 4th HOLIDAYS

More then half the company spent the holidays at their homes. Wednesday afternoon all the roads leading from camp were crowded with enrollees heading out. In trucks, private cars motor cycles and on the reliable thumb they streamed out leaving the new recuit to the mercies of Bennie and the K.P. Pusher.

Sunday morning the first of the returners staggered in and thru the rest of the day they straggled in onesomes, twosomes, threesomes, untill all were accounted for except a few who will be on K.P. Next week-end.

Those who were left in camp fared well themselves. Many had arrange beach parties for the day and others went in on the truck to the beach. For the evening meal, Southern Brewing Co. of Tampa earned the gratitude of all who enjoyed the fifteen gallons of beer donated by them.

Friday several of the boys went to Tampa to spend the week-end.

RELEGIOUS MEETING

Due to the absence of enrollees from camp over the holidays the weekly relegious meeting, scheduled for Thursday night was called off. The meetings will be resumed this Thursday in the Recreation Hall.

Lt. Weller, Chaplin was a visitor in camp wednesday and held a service that night.

All members in camp heard the sermon which was "Prepatation for the Future".

TO SUB DEPOT

Paul Trevor, second cook, and Paul K. Sullivan, K.P. Pusher, have been transferred from this Company to the Supply Depot at Tampa.

There they will be under the command of Captain T.E. Phillips former commander of this company at Penny Farms. Trevor is to be rated as Leader and Sullivan will be Assisant Leader. They are to work in the Supply Depot and will be Quartered with Company 1418 at Sulphur Springs.

Charlie Blount has taken the second cook's place and Collie Cook is ording the K.P.'s

KING AND CARTER RETURNED

Buddy King and Bill Carter who were sent to Fort Screven to undertake the Life Saving training at that fost returned to Camp Friday July 5, after being away two weeks.

Both boys have passed the course credible and will receive their certificates in the near future. The course required them to spend a total of thirty-six hours inthe water and to demanstrate their knowledge of the holds and procedure in rescuing a drowning person.

DANCE

The dance given by Sargeat Club Co. L of Bradenton was attened by about twelve boys from camp who enjoyed the good musice and coolin river breezzes for serveral hours.

TOE NAIL BIOGRAPHY

This story is about a man who has done a thousand more things than you have and has seen six and a half times as much as the devil and "Lying Bill" have. All of you know him, he fought in the war but is hazy about exactly which one, maybe it was the next one. Really he can tell you as much about his war experiences as any ex-soldier will and believe most of it himself too. Zorro and he both got their muscles by steal; Zorro by a steel sword and our hero by a steel foundry where he worked for some time. A bully jumped on him once and jumped off mighty quick, he was quite a wrestler, it happened near a Ringling Circus tent, Mrs. Ringling saw our hero give the bully a "Half Nelson" and she gave our hero a job as circus strong man. Nifty eh what? All he had to do was stand on a stage and flex his biceps and beat an occasional young farmer who thought that our hero's muscles were'nt so big. Of course the farmer would get twenty five bucks if he won and our hero would get a bawling out and a visit from the doctor if he did'nt. It was easy though in spite of that. Besides looking tough there was nothing else to do but groan when a few of his bones were broken and groan anyway when they were'nt. Of course the stage was cold in winter, as was the applause, but there was glory in it never the less. Eventually he retired from the circus and became trapper, hunter and guide and later became connected with the CCC's of Co. 1421. He is rather tempermental about his work but he is a good sport and a darn good guy.

If it is possible that you dont know his name, take the first letters of the first words of the first six sentences in this article -and- well there you are.

Thank You

LIEUTENANT LIVINGSTON

Lieutenant Langdon A. Livingston will leave Saturday for company 269 at Miami, where he will be stationed. It is not known wheather the appointment will be temporary or permanent.

Lieutenant Livingston arrived in camp the latter part of February from his home at North, South Carolina. He has been acting as Transport Officer and athelctic Officer while in this company, he has also been taking care of the Post Exchange.

We hear that "Mea West" is an experienced K.P. He ought to be

SPORTS

[illegible]

Saturday the Rattlers journey to Sebring to play the fourth game of the season with Sebring. The game should be close and an exciting contest as its anybody's flag and the trip to Miami has a very promising prospect for the winning team.

The Rattlers took a game from Sulphur Springs at Tampa by a very one sided score of 16-4. Quesada pitched for the locals and turned in a fine performance.

"Bo" Garner has shown more improvement with the stick and is now leading with a very good average. James Williams and "Beans" Smith have also had the knack of staying around the top.

OPERATIONS FOR APPENDICITIS

There have been quiet a few case of appendicitis in camp since we have been at Bee Ridge but none have been serious. In each case the Enrollee was taken to the hospital some to Sarasota Hospital but the majority were removed to the Veterans Hospital in St. Petersburg.

There is only one left in the hospital now, Carl Myers, and he will soon return to camp again.

The following is a list of those who have been operated on:
C. Buckhalt, L. Clemons, J. McCollman W. Nipper, E. Northup, R. Alderman, C. Myers.

CHURCH SERVICES

The Reverand Eslander, pastor of the Catholic Church of Sarasota was guest speaker at the regular Thursday night religious services.

On his next visit he promised to bring a pianist and several voices to help with the singing.

HOSPITAL

Grady O. Morris, one of the recent replacement, was taken to the Sarasota Hospital, Thursday, suffering from acute appendicitis. He was operated on Thursday night and his condition is satisfactory.

Carl Myers who was operated on for appendicitis returned from the Veteran's Hospital at St. Petersburg Friday. He is looking fine and probably will be in quarters for a period of four or five weeks

SUBDUE TURTLE

Earl Rinker and Preston Morton proved they have what it takes Monday afternoon in a viscious two hour battle with a turtle. The turtle which was captured by Tarzan was given to infirmary as a mascot.

Morton was awakened from a sweet dream of Bee Ridge by the wild roar of the aroused bull turtle which has been known to frighten women into hysterics and scare CCC boys into paying their debts. Casting a scared glance at the turtle which was advancing erect and snarling hatefuly at Morton, he screamed for help.

Rinker also aroused from a sweet dream of Bee Ridge, leaped from bed and clamped a flying mare on the turtle.

As the turtle remained supine in the herculean grasp, Morton conbed it three times with a bottle of salts.

As the turtle slumped forward Morton and Rinker swear it said, "And still I say I never had a chance".

MAJOR WILMERDING VISITS CAMP

Major Wilmerding District Surgeon was a visitor at the Company Friday. He made an inspection of the Infirmary and Kitchen and other sanitary facilities of the camp.

He approved of all devices and stated that Company 1421 was one of the best camps in the District.

MYAKKA MUD

We see that Bennie is in charge of moving the structure again.
He will probably leave the dirty work up to the extra duty men.

Well ! Larry Sanders took the medals from "Frisky", but now it seems that "Stepin Fetchit" took them from Larry. Too bad Larry , but think nothing of it with the line that you shoot you're bound to get them back.

It seems that Ben Richardson and "Babe" Clayton have taken to the pugilistic art of fisticuffs.

Spanos seems to be a good truck driver. In three days he got stuck four times and brought the truck in for repairs twice.

Crosby wants to give Buddy King his girls. He has too many of them.

Traylor seems to own the harem.

Betts gives soup bowl hair cuts without the soup bowl. My! My! he's getting good.

They'll have to give Underwood steel handle grubbing hoes or he'll be indebted to the government for the rest of his life.

Johnson and Pongani are Tarzan's new assistants at doing the wash.

Spips the supply house mascot is doing her share at enlarging the company. She has umpteen kittens and some more coming.

My, My, we see that "Doc" Conway has a crew in the woods. Quite different from whittling.

It seems that Scarborough wants to be a barber, He wont do much business if he goes around shaving other fellows heads with a safety razer. Whity Hamilton was his first victim.

Hooray the goldbrick crew I mean the survey crew takes to the grubbing hoes.

"Blondy" McLeod is the new claimant to the crown of "Big game hunter" left vacant by "Chicken".
After a terrific struggle he finnaly captured a two inch mole.

Barrack number four still has the prize for being the best, but number one is still the noisiest.

The whole company seems to have taken a fancy to red paint.

"Red" Phillips has actually bought a package of cigarettes.

By what we see of the wind up of "Screwball" Gonzalez, it wont be long before he hits the infirmary.

STRING BAND VISITS CAMP

A string band from Arcadia entertained in the recreation hall Wednesday night. The band arrived about nine O'clock and played for two hours.

They played negro spirituals as well as old favorites and popular songs. The band consisted of a young lady pianist one violin, two guitars, two banjos and another young lady with a tenor banjo.

They stated that they would gladly come again when ever invited.
